

OUR MISSION

NestQuest is the anti-agency Agency revolutionizing real estate via technology and local dedicated agents. Our team of real estate, technology and creative ninjas work every day to flip the antiquated world of real estate on its head while conducting our business with honesty and integrity delivering a superior experience to each and every client.

LANDLORD GUARANTEED REVENUE PROGRAM

THE PROGRAM:

WHAT IT IS

Whether you own a single family home, multi-family property or a rental portfolio, NestQuest combines its proprietary data technology with your needs to make an offer to lease your property. Then we guarantee the monthly rent while taking care of all management and marketing. At no cost.

HOW WE DO IT

NestQuest's vertically integrated model enables us to handle all aspects of rental properties using our expert property management staff, licensed & insured construction division and full scale residential brokerage to bring all services under one roof cutting costs and delivering efficient results to your property. At no cost to you and guaranteeing the rent.

HOW WE MAKE MONEY

As a result of vertically integrating the entire real estate process, we are able to focus on increasing revenue while decreasing expenses therefore increasing net operating income. You get paid guaranteed rent each month and we earn the difference in the net operating income that we create.
